Driving directions:

www.nvrc.org/Directions

Conversational ASL is a 6-week course focusing on fingerspelling drills, practicing signs in scenarios and role playing and enhancing receptive skills by watching ASL videos. Students will continue to build on vocabulary learned in the Beginner ASL class.

The class will also learn about Deaf culture and discuss do's and don'ts with individuals with a hearing loss.

No textbook is required.

Brad Staton is a graduate of Gallaudet University. He has taught ASL classes at Community Colleges and Adult

Education Centers in Danville, VA, Roanoke, VA, and San Antonio, TX.
