

ASL 2

Beyond Basic Beginners

with Barbara Eger-Klatt
ASL INSTRUCTOR

The topics focused on for these four weeks will be food, travel, shopping and the home environment. The instructor will use Barron's book for more ASL conversational practice and Chapter 4 and 5 will be included for this class.

Participants need to know some basic sign language and fingerspelling before participating in this class. There will be games for students to practice together for fun and to learn more ASL words and ASL classifiers.

**This class require that students purchase "Barron's American Sign Language" by David A. Stewart*
